Congressman John Katko visited LaFayette in February for a great two-part visit. First, he stopped by Ichor Therapeutics, an incredible growing company right in the center of town. Kelsey Moody, CEO of Ichor, brought the

Congressman Katko, Kelsey Moody, Ichor and Supervisor Fitzpatrick

Congressman, County Legislator Dave Knapp, and myself around his facility where they are working on curing diseases such as macular degeneration and even the aging process itself. The work they are doing here in LaFayette is world class and they have been an incredible partner in helping the town grow.

Jackie Roorda, Congressman Katko and Kelli Mahar

After touring Ichor's facilities, the Congressman came to the Town Hall to present his speech that is now part of the Congressional Record to Jackie Roorda and Kelli Mahar. The Congressman's speech was commending Jackie and Kelli for their amazing generosity and selflessness - they each donated one of their kidneys to an anonymous recipient. Congressman Katko acknowledged this act by making it a permanent part of our country's history by reading their story into the permanent record of the U.S. Congress. Jackie and Kelli are two exceptional residents of this town and I thank the Congressman for his recognition for their generous donation.

## From the Town Clerk

**I**f we had no winter, the spring would not be so pleasant! What a roller-coaster winter we have had!!! Snow; no snow; lots of snow; wet rain; record breaking 70 degrees in February, which dropped 25 degrees within hours; Nor'easters; lake effect; freezing rain; school closings and... oh yeah, and a little bit of sunshine.

**SPRING IS HERE!!!! "A kind word is like a spring day!"**

Winter has become a great time to hunker down and get things prepared for better weather. But now the sun is out, the birds are singing, and it's time to launch exciting things. It seems we can't wait to get outside and clean up our yards and get the spring cleaning and chores done so we can have time for all the events that happen in our short summer season. Picnics, boating, camping, hiking, outdoor concerts, etc. and trying to find the time to enjoy these things in between the weddings, reunions, graduation parties etc. All those events tend to happen during the summer months, which brings this to mind....

**"Spring is nature's way of saying, "Let's party!" --  
Robin Williams**

*One of the many great things that we can thank the LaFayette Optimist Club for is Stafford Park and the two pavilions there. They book up quickly with graduation parties, family & class reunions, birthday & anniversary parties and even weddings. If you are interested in the pavilions or the Community Center, I advise you to act quickly to reserve them. The fee for residents is still only \$100.00, non-residents or businesses \$250 plus the deposit.*

**SHREDDING May 12th from 9am-1pm  
Town Hall Parking Lot**

The Town Board has again agreed to offer this free service to residents, including businesses. So bring your personal paperwork, business files, tax returns, statements & bills, etc. to the Town Hall upper

parking lot. Watch your papers be shredded on site, via a video camera attached to the shredding truck. It is then locked and taken to a waste management site for recycling. This saves you time and saves our environment and gives you piece of mind that your personal documents are secure.

**MEDICATION DISPOSAL May 12th from 9am-1pm  
Town Hall Parking Lot**

Is your *medicine* cabinet full of unwanted and expired drugs or medications you no longer *use*? Seven out of 10 people who abuse prescription drugs get them from friends or relatives. I am trying to coordinate a prescription take back event to take place during the shredding event. With all of the prescription drug abuse we hear of, let's get them disposed of properly for the safety of our kids, families and environment. What's safe for you might be harmful for someone else. You can dispose of your *expired*, unwanted, or unused *medicines* when you drop off your shredding... I will post notices once everything is set.

One man's junk is another man's treasure, right? Another thing we are hoping for on May 12<sup>th</sup> is to

have a Rescue Mission truck at the Town Hall. While you are spring cleaning and hauling out stuff you no longer want or need, instead of disposing of it at the landfill site, hopefully, you can drop them off at the Town Hall. Who knows someone else may desperately need them. Everything from furniture, blankets, clothes, etc. Please be sure things are clean and in good condition. More details to follow, Kindly check the Town website or feel free to call my office (315) 677-3674 with any questions.

## HOLIDAYS THAT INTERRUPT TRASH SERVICE

**Memorial Day, 4<sup>th</sup> of July, Labor Day, Thanksgiving, Christmas, New Year's Day.** If the holiday falls on or before your pick up day within that week, pick-up is delayed one day. Any new customers or change in grade of service level must be done by calling Minnie Dancks at (315) **683-5679** and she will advise the Assessor to change it on next year's tax bill.

**Dump days, free shredding, medication disposal, brush pickup, e-waste, etc.** With offering these FREE services, we urge residents and businesses to keep your property neat and clean and respect your neighbor's property as well. We see recycling bins, trash and debris along the side of the road & in the ditches. Residents often call saying their neighbor's trash and recyclables have blown all over the place. With the snowing and blowing in this New York weather, it is hard to keep that from happening. Please be mindful that if your trash has blown over, please pick it up as soon as possible. Taking pride in the appearance of our Town means everyone needs to do their part.

Don't forget to check out the community calendar. Don't miss the many activities and festivities that take place in the months to come al in our Town. Please be safe, happy, healthy and kind!

**A positive attitude, a good sense of humor, and an appreciation of life's simple pleasures are clearly your recipe for a good life!**

LaFayette, NY 13084

***When you come to court you are expected to be dressed in presentable attire.***

***Remove your hats.***

***Turn your cell phones off.***

***A sign in desk with instructions is located upon entry into the court***

**DID YOU KNOW:** New York is part of the Driver's License Compact. What is the Driver's License Compact? This means if your license is from a different state and you get a ticket in New York state we will share your driving record with the state your license is from. Other states will also share their record with New York. The New York State Department of Motor Vehicles will notify your State Department of Motor vehicles that you have a ticket in our state or if New York has suspended your driving record. The states that aren't part of the Driver's License Compact are: Georgia, Michigan, Tennessee, Massachusetts and Wisconsin. So, it's **important** that you take care of your tickets in whatever state you received them from.

***We will put a notification on our court page under the weather tab if court needs to be cancelled due to bad weather or any other reason.***

# From the LaFayette Fire Department

Emergency firefighting duties are both challenging and physical. In emergency situations, volunteer firefighters should expect to extinguish and prevent fires as well as administer first aid. But volunteer firefighters do not spend all of their time under pressure in dangerous emergency situations. Non-emergency tasks include performing various routine tasks around the firehouse, such as maintaining the building facilities and emergency vehicles, required OSHA training, and more. Volunteer firefighters must also set aside time for further training so that they can practice and thoroughly understand firefighting procedures, operational techniques and first aid methods. To that end, your LaFayette Fire Department members have dedicated over **700 hours** in the first two months of 2018. You may only see us responding to a scene to help someone, but there is so much more we do that residents may not realize just how much your volunteers give to our community.

—Merikay Harper

## LFD Recognizes the Field Brothers

Phil and Karl Field are lifelong residents of LaFayette. Phil was born on April 3, 1942 and Karl was born on March 31, 1947 to Dorothy and George Field. They grew up on the farm on Rowland Road along with their sister, Joanne and brother Michael. Both Phil and Karl graduated from LaFayette High School and went on to raise their families in LaFayette. Phil joined the LaFayette Volunteer Fire Department in April 1962. During his 55 years of service he served 4 years on the Board of Directors, 2 years as Assistant Chief, 14 years as Chief and is presently a member of the Fire Police. Karl joined the LaFayette Volunteer Fire Department in April 1967. During his 50 years of service he served 1 year as 2<sup>nd</sup> Lieutenant of Station II, 7 years as 1<sup>st</sup> Lieutenant of Station II, and 5 years as Captain of Station II. When you see Phil or Karl, please thank them for their service to the LaFayette community.

# From the LaFayette Fire Department

On April 28<sup>th</sup> and 29<sup>th</sup>, the LaFayette Volunteer Fire Department will be teaming up with other fire departments across New York State participating in a recruitment drive weekend. The LaFayette Fire Department will be hosting an open house in attempt to obtain new members.

We will be opening our doors at 10 AM Saturday April 28<sup>th</sup> and also April 29<sup>th</sup>. Family activities will take place both days from 10 AM to 4 PM. We will have hands on fire extinguisher training, the New York State Police will be providing a seminar with their K-9 unit. Come meet a police dog and see their presentation. The department will also be doing live rescue demonstrations and utilizing the Jaws of Life. On Sunday April 29 we will be hosting the LaFayette Fire Dept. Touch a Truck. Bring the kids to see around 20 fire, police, construction, and other specialty vehicles.

We will have many activities for the children as well. There will be a kid’s zone set up with a bounce house. We will have a face painter both days. On Saturday we will have Jeff The Magic Man performing a magic show and balloon artistry. Food and beverage will be provided both days.

We will kick off the weekend on Friday April 27 with Matt Chase and Thunder Canyon Band playing at the station 7-11. The department will provide water and soda during the band. Adult beverages may be brought in. Food will be available for purchase.

Please come and show your support. There are many aspects of the fire service that you may be able to help out with that you are unaware of. We welcome everyone in the town of LaFayette to come join us. Even if it’s just to stop in and say hi and tour the station and the apparatus. This event is sponsored by the LaFayette Fire Department and there is no charge to LaFayette residents. If you have any questions, feel free to contact the station (315)677-3400. Thank you in advance and we will see you at our house. Let’s come together and make this a success.

Dan Comins  
1<sup>st</sup> assistant chief  
LaFayette Fire Department.

Gigi Marvin plays forward on the U.S. Women's Olympic Hockey team which won the gold medal at the 2018 Winter Olympics in PyeongChang, South Korea. She is the seventh Olympic hockey player to come out of Warroad, Minnesota, a town with a population of less than 2,000 people. After winning the gold medal, here's what she had to say about her home town:

"I'm so grateful for my family and friends back in Warroad. Everyone in the **community** cares so much. None of us got to where we are, just by who we are. There's a huge **team** behind us; everyone in Warroad. It's hundreds of teammates, coaches and staff. And the girls are in the state tournament right now. It just keeps going. That's the **next generation** that's going to be here (at the Olympics) in a couple years." Like so many successful athletes, Gigi's journey to the Olympics started locally; at the community sports youth program level. Participation in youth sports not only allows children to develop physical skills, but also helps them grow mentally, by learning skills such as team work, psychologically, through character development such as self esteem, and socially. In essence, youth sports help children become physically fit and emotionally mature individuals.

LaFayette is a **community** that cares about its youth. Please consider joining the LaFayette Community Council (LCC); become part of the **team** and help us continue to provide quality programs for our children, the **next generation** of healthy, well rounded citizens, and maybe even a future Olympian.

LCC oversees several youth sports programs, including: basketball, wrestling, volleyball, baseball/softball, lacrosse, tennis and soccer. We cannot offer these programs without volunteers who are willing to share their knowledge and expertise. We can always use additional help, whether it is as a team coach, a program coordinator, or as a member of the board of directors. If you are interested and able to help out with the any of these programs, please contact LCC at 677-7272 or

[lafayettecommunitycouncil@cnyemail.com](mailto:lafayettecommunitycouncil@cnyemail.com).

**10th Annual LaFayette Community Day  
Saturday, June 2, 2018 3:00 pm  
Stafford Park, Route 11, LaFayette**

*Community Day* started in 2009 as a way for people in the Town of LaFayette to come together once a year to meet each other and have fun. Since then, *Community Day* has grown in size, but has remained a free event with no sales or merchandising. It is a chance for people to come out and meet their neighbors, get some free food, play some games, and enjoy the fireworks . The Town of LaFayette, LaFayette Optimists, LaFayette *Community Council*, LaFayette Volunteer Fire Department, LaFayette VFW and many other groups work together to make it happen.

# LA FAYETTE HIGH SCHOOL SPORTS HALL OF FAME

The purpose of the Hall of Fame is to assist in maintaining the rich heritage and tradition of excellence in the athletic programs at the LaFayette School District. ## From the LaFayette Optimists

Spring is just around the corner, believe it or not, and we Optimists are ready for it. We are going to be finishing up the Pavilion at the Toolon Fields when the snow lets up and that will be a nice addition to that field and represents what we Optimists do best...We see a local need that involves the kids in our community and we act on it. We didn't just write a check either. We worked in coordination with the Toolon people and the Applefest Committee and put up the building ourselves as a group. Some of us Optimists have lots of construction skills and some of us are dangerous with a hammer but we all worked together to get this done. ...or nearly so. In January we organized and ran another very successful 7th and 8th Grade Basketball Tournament at the High School. This tournament was initiated by Greg Long and is now championed by Scott Gates. At this tournament we also raised donations again for a local Lafayette family in need. This is how we roll. Of course coming up this Spring we will be working on cleaning up Stafford Park which we Optimists are in charge of. The highway dept is a huge help in maintaining the park but the Spring Cleanup is our job and activities and improvement of the park are

our responsibility.

Also this Spring we will have our annual Fishing Derby at Stafford Park as well as the bike Rodeo as part of Community Days. We also sponsor the Fireworks at the Community days as well. That project we hire out to the professionals. May I remind you that we also have a longstanding Lafayette Optimist Scholarship Program where we provide monetary awards to one lad and lass from our community each year. We have a dictionary giveaway at the grade school level...We do the Halloween party at Grimshaw as well and we continue to sponsor the local Oratory Contest each year at the high school. We are embarking on new projects as well.. With the support of the teachers and administration at the high school we are starting a monthly recognition award for students the staff feels need and deserve special recognition. We are also getting involved in the Robo-Lego competition. Both these projects are in our wheelhouse. They are local, they are sustainable, they involve the kids in the community. This year we our celebrating our 50th year as a club. We were originally sponsored by

the Marcellus Optimist Club. Ron Bush, no stranger to anyone in Lafayette, is the only member who has been with the club the whole time and a more

Optimistic fellow you will not find. He has been the steady hand that has guided the club in various capacities for a half century. If we are lucky we can get another 50 years out of him. How's that for Optimism!

## LaFayette Outdoors – Global Warming, Climate Change

I remember saving my pennies back in the 70's with the hope of saving enough cash to buy a used snowmobile. I got tired of watching my good friend Chris T ride up and down the snow and ice packed streets every night for most of the winter. Finally after a year of doing odd jobs such as mowing lawns, amateur landscaping and snow blowing driveways I was ready to purchase my first sled.

It was not much to look at and it didn't run much better than it looked. It was a 1973 Yamaha SW433. That's right I got an SW which stood for super wide track, which meant there was more track to move, which compounded the engine bogging down more often! I took the carburetor apart and cleaned it and then I was in business. No longer a bystander, I officially joined the neighborhood snowmobile party.

Back in the 70's and 80's I remember when winter showed up, it hung around for a long time and never seemed to go away, much like our least favorite relatives. Yes we typically had a "January thaw" but that lasted only a couple days. Back then cabin fever was the real deal. Our neighborhood streets were hard packed for what seemed like months at a time. We did not have to wait for good conditions to snowmobile because they were almost always good. Fast forward to today...

Whatever you want to call it...Global-climate-change...it's a topic that is polarizing (pun intended). It can strain family relationships and end friendships. It can flat out get ugly when discussed! As illustrated above, and when comparing it to our recent winters, I can see that our winter weather is definitely changing. The temperatures seem more extreme. It gets warmer and yes it gets colder. One only has to look at the recent record temperatures that have been broken.

Syracuse crushes 88-year-old high temperature record today 74 degrees on February 21, 2018

Upstate cities break records for cold; one spot hit 30 below zero on January 7, 2018

Here is a definition of climate change:

cli·mate change *noun*

a change in global or regional climate patterns, in particular a change apparent from the mid to late 20th century onwards and attributed largely to the increased levels of atmospheric carbon dioxide produced by the use of fossil fuels.

Some scientists claim that as of early 2017, the Earth had warmed by roughly 2 degrees Fahrenheit, or more than 1 degree Celsius, since 1880, when records began at a global scale. Other folks say that they are now measuring temperatures in urban areas and airports which tend to be warmer and are skewing the results.

I'm not a scientist and I can't confirm or deny what the effect of man has on the weather. What I can confirm is that the winters over the last 40 years or so have become bi-polar. With temperatures boomeranging from record highs to record lows all in the same week. I think if Goldilocks spent a winter here in central NY she would come to the conclusion that the weather is too hot or too cold and she would move on to somewhere else...

# From Cub Scout Pack 100

The BSA Scouting Program has made a decision to include girls. This will start this fall for girls aged K-3<sup>rd</sup> grade. Our Council, our charter organization, our committee and our leaders have all voted in favor to be

part of this historic endeavor. So, this September, K-3<sup>rd</sup> grade girls will have a new option available to them.

Cub Scouting will be available to K-3<sup>rd</sup> grade girls beginning in September 2018. The program for girls ages 11 to 17 (Webelos and Boy Scouts) will be announced later this year for an introduction in September 2019. This will enable young women to work toward the prestigious Eagle rank.

## How Will This Impact Pack 100 in LaFayette?

Girls K-3<sup>rd</sup> grade and their parents will be encouraged to participate in our Orientation evening at the LaFayette Firehouse (our

charter organization) in mid-September. Our Cub Scout dens will be run as single-gender - all boys or all girls with separate volunteer leadership. Dens are made up by grade level: K are Lions, 1<sup>st</sup> gr are Tigers, 2<sup>nd</sup> gr are Wolves, 3<sup>rd</sup> gr are Bears, 4<sup>th</sup> & 5<sup>th</sup> gr are Webelos. All dens together make up our Pack. This hybrid model builds on the benefit of a single-gender program while also providing character and leadership opportunities for both boys and girls. Most of our operations won't change- activities, rank advancement requirements and Youth Protection policies remain the same. Uniforms will remain the same, too, though the fit and styling may change. Our program content and activities are appropriate for boys and girls alike, so there's no need to change anything there. Education experts have evaluated the Scouting program content and confirmed the

relevancy of the program for young women. What about Youth Protection? When a Scouting activity includes both boys and girls, there must be both female and male leaders present. At least one of those leaders must be registered as an adult member of the BSA. As per policy, ALL of our leaders maintain annual Youth Protection certification and undergo background checks by the Council.

In all honesty, not much will change for Pack 100. The Dens will have new members but most of our Pack events have always included full family participation. In fact, we are hosting a Family Recruitment Campout on June 2, 2018 on the AppleFest grounds. Families with kids K-5 for the 2018-2019 academic year are encouraged to participate in our activities on that day. Flyers will be sent home in kids' folders and our Scout Sign will be at the Rt 20 & Rt 11 corner advertising this event.
