### Destination LaFayette— “Getting Connected”!

[www.townoflafayette.com](http://www.townoflafayette.com)

Over time we have worked to develop a better system of communication to you that is timely, comprehensive, and keeps everyone in tune with what is “happening in LaFayette.”

Many of you have offered ideas over the years with input on the content that can be delivered along with how timely it can be done. With the vision and help from our Information Officer, Sue Marzo, we are launching.

#### **DESTINATION LAFAYETTE— “GETTING CONNECTED”**

First and foremost, we are building a variety of platforms that will provide you with the opportunity to choose what the best method(s) for you to become connected with the news and events of LaFayette. Secondly, our goal is to also reduce cost over the long term from the printing and mailing of the Town newsletter.

Our vision is to continue with delivering a newsletter as the foundation of our pyramid of communication. Sue will continue to publish our newsletter every two

months and you will now be offered three methods to receive it.

1. You may continue to receive it by mail. However, it will only be in black and white thus saving cost.
2. You may receive the newsletter today via email or your smart phone in “Full and Living Color”! Simply visit the town website at: [www.townoflafayette.com](http://www.townoflafayette.com) and provide your email address in the contact form on the homepage entitled “E-Subscribe”.
3. Visit the website and you can click on the pdf of the newsletter and view and/or print in full color at your convenience.

Our Goal is to provide you with a newsletter that you have a variety of ways to access, read and contribute to.

Our focus is to provide you news at your fingertips wherever you may be in your busy life.

# Get connected!

# DESTINATION LAFAYETTE- "GETTING CONNECTED" CONT'D

*We know how important a "paper in hand" is to many of you of all ages, we will continue to mail it*

The second layer in our communication pyramid is the Town's website. Our website will now take on the role of building our Town's brand too; identifying who we are and what we have to offer to anyone living in our community or visiting our area. Sue has taken on the role of our content manager for the website. You may have noticed the updates already; events and photos of the town; links to news that may affect you and many other noteworthy events and happenings in the town.

We ask that you submit any events, photographs, and news that you may view as relevant at this email address: [lafayetteinfoofficer@cnyemail.com](mailto:lafayetteinfoofficer@cnyemail.com) Feel free to continue to send us your favorite photo's and news throughout the year, from near and far!

The Town Clerk and the Deputy Town Clerk will also continue to publish late breaking news, cancellations, and events as they develop on our web site too. Jackie Roorda and Kristin Colburn will also be content managers for the web site along with managing the content that revolves around living in LaFayette and with doing business in the Town.

You may have already noticed our tip of the pyramid with the development of a Town Facebook and Twitter site. We envision this to be an active social media source of information for those who may use a "Smart Phone" to keep connected with your community.

Our approach is to offer a variety of opportunities to "broadcast"

We encourage you to submit items of interest and photos too. Sue will handle all of our content management within both of these social media sites.

the happening's in Our Town and to build a strong community identity!

I would like to offer a special thanks to longtime resident Jim Moltion for continually working hard to advocate for a means to Build Community through Communication. I believe that we have captured Jim's hope to communicate frequently with the news and events of our Town. Thanks Jim!

Through a combination of the Town's newsletter, website and social media venues we are inviting you to join us at:

DESTINATION LAFAYETTE—"GETTING CONNECTED"!

Thank you!

—Bill McConnell  
Town Superintendent

*The benefits to reading your newsletter online are plentiful. You will note that there are hyperlinks to the various venues of communication throughout the newsletter where you may find more news on the articles presented. These hyperlinks are identified in blue text and by clicking will link you directly to our website, facebook, and other websites of organizations with and affecting our town. The power of social networking is at your fingertips and you will be able to view and/or print it in color. Make sure that you follow us on facebook and twitter to get "Real Time" news instead of waiting for the publish of our bi-monthly newsletter. Don't miss out. We hope you will take advantage of the communication methods available to you. "Get Connected" LaFayette!!!! [www.townoflafayette.com](http://www.townoflafayette.com)*

## TOWN MEETING CLIPS—[www.townoflafayette.com](http://www.townoflafayette.com)

### BYRNE DAIRY

We are scheduling a public hearing on March 9th at 6:30 pm at the Town Commons. This public hearing will pick up from where we left off with the consideration to create a Commercial Planned Business District for this store. In February 2015, NYS DOT Region Three in Syracuse placed a final approval on the proposed second driveway to the site and had forwarded this to Albany for final review and consideration. Hopefully the review will be completed in time for the March Town Board Meeting and public hearing. Please keep up with the status of the public hearing by visiting our website or feel free to call me.

[www.townoflafayette.com](http://www.townoflafayette.com)

### SOLAR ENERGY

Still under consideration for our town properties and parks. Initial review of our electrical cost have proven that they are low enough that it may not be prudent to install a solar system. We are still working this concept and we will update you as information becomes available.

### TOWN PURCHASE OF SNOWPLOW TRUCKS

The Town Board Approved at the January meeting to move forward with the purchase of two new dual-use trucks for use in year 2016. These trucks will replace two 1999 snow plowing vehicles and one seasonal ten wheel heavy truck that was utilized only for hauling material and not for plowing. Thus, the Highway Department will reduce its fleet size by one heavy truck but will gain by having the new vehicles being “put to work” year round. The sales of the three current trucks (two 1999’s and the ten wheeler) will be used to pay down the cost.

### HIGHWAY BUILDING PROJECT

March 18th is the contractual completion date of the new highway department building! Dedication is still slated for Saturday, May 30th. Stay tuned in the May Newsletter and Facebook for dedication details. We are extremely pleased with the execution of the building plan by our General Contractor, Diamond & Thiel. This job is being led by former LaFayette resident Scott Chrysler. All of the Contractors and their employees have persevered though some harsh weather conditions and we truly appreciate it. This project has been overseen by our Jeff Palin and Mark Chambers of C&S Engineering; both of whom are also LaFayette residents. It is extremely nice to have our Community involved in many ways to bring this project to reality.

## From the Town Clerk—Getting Connected [www.townoflafayette.com](http://www.townoflafayette.com)

As spring arrives, it is time to take advantage of all of the activities and opportunities available to LaFayette town residents to reduce, reuse and recycle. On page 8 of this newsletter you will see all the details of the upcoming clean up activities. Please take advantage and let's make LaFayette's appearance something we can take pride in.

## The Highway Department—"Getting Connected"

The Highway Department always welcomes the March Newsletter as it means that Spring is just around the corner. We have plenty of work scheduled for the spring and summer months. Here are some important dates to remember as we head into spring.

The Bi-annual brush pick-up will begin April 1st and will continue throughout the month. Because of the heavy wet snow this year, there is a significant amount of brush to be picked up. Please have all your brush out at the roadside by April 20. (Brush should be put out in 6' lengths, butt end first). Contractors that cut up homeowners trees are responsible for their removal. All brush will be ground up and used for Free Mulch for residents. **The annual Town Clean up Days will begin May 2 through May 9 Saturdays 9:00 am to 4:00 pm and Noon to 6:00 pm Monday—Friday; Closed Sundays.** See the adjoining do's and don'ts.

The new Highway building is moving along as scheduled. Despite the frigid winter temperatures, the contractors are making great progress. We at the Highway Garage love to "Stay Connected", so make sure you like our Facebook page for updates and real time weather-school closings and lots of pics from the Highway Department.

Speaking of "GETTING CONNECTED"—Did you know that the LaFayette Highway Garage is planning to embed a 4' time capsule inside one of the walls of the new Highway Garage. The time capsule will include pertinent local news of the time including a copy of this newsletter.

This month, as your Vice President of the Onondaga County Highway Association, I will be heading back to Albany advocating for more money for our local roads. Last year was a huge success as we were able to secure extra funding to help pave routes 11 and 20. With the help of County Legislator Dave Knapp and our State Senators Valesky and DeFrancisco we were able to secure more "CHIPS" funding for LaFayette Town Roads also. #localroadsmatter. Enjoy your spring and on behalf of the Highway Department, thank you for allowing us to serve.

Don't miss a single one of our updates!

## LaFayette Public Library — <http://lafayettelibrary.org>

In January our youth services librarian Kyra Nay started an “Imagination Lab” for elementary school students (K-6 basically) on Wednesday afternoons, 3:30—4:30. Registration is not required but appreciated so we know how many to prepare for. This can be done via email to Kyra Nay: [knay@onlib.org](mailto:knay@onlib.org) or via phone 677-3782.

A reminder that we have a children’s computer that has over 60 educational programs on it. It is very popular and we encourage everyone to come and use it.

We have also been collaborating with the Big Picture School in running some programs by their students in the library. Here are some of the things we are doing or have done.

- Video Game Making
  - Hour of Code and other coding activities
  - Engineering Projects
  - Improv Comedy
- Some of these activities will be utilizing Lego Mindstorms Robotics as well as our 3D printer. This is open to grades 7-12 in the LaFayette School District.

As always, we are constantly updating our collection, whether it is print, audio, or video, come on in and “check out” the collection (pun intended).

We have an ongoing teen book club that meets at 6:00 on Tuesdays. For further information, please call the library at 677-3782. Here are some examples of what’s being read:

- “Glass Sentence” by S.E. Grove
- “Greenglass House” by Kate Milford

- “Running out of Time” by Margaret Peterson Haddix
- We continue to offer computer training for our patrons to help you “Get Connected”. This is a one on one session by appointment only. Please call 677-3782 and ask for Scott to make arrangements.

PEACE, Inc. County South Family Resource Center has a medical transportation program that serves LaFayette and Tully. It is called FISH for “Friends in Service Here” and has been operating for over 10 years. We are looking for volunteer drivers in LaFayette who might be available to drive people to medical appointments once a month. It is a great opportunity for retired individuals who are looking for things to do and it also provides a wonderful service in our communities. If interested, please call Barb at PEACE, Inc. @ 315-696-8203.

PEACE, Inc. is also doing taxes for free at Shoppingtown Mall near Sears. The EITC program can be reached at 315-634-3756 for an appointment.

## From the Community Council—[www.townoflafayette.com](http://www.townoflafayette.com)

Questions about recreational activities may be directed to Regina Reinschmidt, Recreation Coordinator at [reglcc@dreamscape.com](mailto:reglcc@dreamscape.com) or 677-7272. Additional information, including current list of the LCC board members and contact info can be found at [www.townoflafayette.com](http://www.townoflafayette.com).

In keeping with the theme of this publication, we will share how you can Get Connected! We urge you to visit the town website for information on our programs, both in general and for the current details. Go to Dept.'s and click on Community Council. We will post some happenings on Facebook as well. Not everyone is connected all the time, so we do not rely on this for program changes or coaches info. For weather related cancellations or closings, use your regular source and realize that “No School Afterschool” equals “No LCC programs”. With regard to specific program info, we leave that up to individual coaches or instructors. Your team/class may or may not do group emails, calls, texts, etc. Please remember to stay connected in person by walking your child to and from practices thus giving the coach a chance to update you. Feel free to offer your assistance in helping with team/class communication as our coaches/instructors usually have lots to do. And lastly, don't forget the most important connection—real time with each other. Put down the devices (yes, put them out so sight and sound) and play catch, or a board game, go for a jog, do something leisurely, together and totally in the moment...try it, each day.
